

DRINKS @ PERCY'S BAR & KITCHEN

The Orange Wine Region is not only defined by the region, but also by the altitude. The vineyards must be 600m and above of sea-level. This is just one of the factors which contribute to Orange wines being some of the most elegant and balanced wines from Australia, much similar to styles found in the 'Old World' of wine throughout Europe. Please enjoy this list of incredible beverages from our beautiful region and beyond. All care is taken to ensure wine vintages printed are correct, however some variations may occur which are out of our control. If you have any questions pertaining to our selection, do not hesitate to ask one of our capable staff members.
